

## Mehrasons Jewellers - Bangle Size Information

Inner Diameter  
Measurement

### Determining your bangle size

1. Select an existing bangle that fits you properly.
2. Take a scale/ruler and place it along the center of the bangle from one inner end to the other inner end to measure the inner diameter of the bangle.
3. Find and note your reading in inches, which is your bangle size.
4. Ensure that you have measured and noted the inner diameter and NOT the outer diameter of the bangle.

### Please Note

In case you do not find your bangle size or wish to custom make the bangle of your choice in your size, please contact customer care on +91.11.4567-0522 or write to us at [customercare@mehrasonsjewellers.com](mailto:customercare@mehrasonsjewellers.com)
